

SEYMOUR DAILY REPUBLICAN

VOLUME XXX NO. 193

SEYMOUR, INDIANA, FRIDAY, JUNE 30, 1911.

PRICE TWO CENTS

MUCH NEW WHEAT NOW COMING IN

The Quality Is Very Good But The
Yield Is Below The
Average.

PRICE BEING PAID IS 82 CENTS

Home Growers Are Supplying The
Market With Vegetables And
Prices Fall.

Although the rush has not begun yet, considerable wheat is coming to the local market today. The quality is very good, in fact better than had been expected, much of it grading 61. The yield is not up to the average, the farmers generally charging this up to the fly which in some sections especially got in some very bad work. The price being paid here was still holding up to 82 cents today which is better than is being paid in most of the cities and towns in this section of the state. Seymour has the reputation of always paying the top prices for grain.

The local market is now being supplied with home grown vegetables of various kinds and as a consequence price have dropped. The local growers are now furnishing all the cabbage and new potatoes used here and quantities of the latter are being shipped out. New cabbage is plentiful and of fine quality. The first was brought in by home growers about two weeks ago. The retail price then was about four cents a pound.

Now it is down to two and a half and three cents.

Home grown new potatoes came to the local market ten days ago and they have cut the price from \$2.50 a bushel to \$1.25 and \$1.50. Old potatoes are down to \$1.50. They were up to \$1.80 a short time ago.

Beans are now plentiful also. The recent rains helped this crop greatly. Raspberries and blackberries are also coming in. There are said to be plenty of the latter through the country. The South is still crying for rain and as a consequence the city markets are having a hard time securing good market stuff. The vegetables and fruits shipped in are of bad quality.

Afternoon Party.

Mrs. Everett Meyer entertained at an afternoon card party Thursday at her home on East Fourth street in honor of Miss Blanche Hess, of Brooke, Ind., who is the guest of Mrs. C. D. Hopewell.

F. R. B. Walters, a young stranger who is supposed to have come from Maryland, was injured at Bridgeport, Ills. by a B. & O. S-W. train and later died in a Vincennes hospital. He stood in front of an approaching train and tried to jump to the running board of the engine. He was a civil engineer.

The Bedford Democrat says that some of the farmers in Lawrence county are protesting that the dealers there are not offering enough for wheat compared with the Chicago price and talk of combining to ship to that city. A few days ago Bedford buyers were only offering from 72 to 75 cents for new grain. In Seymour the price opened at 82 cents.

The state commander of the G. A. R. in a circular letter just sent out has urged the posts, wherever they deem it advisable, to change their meeting times from evening to some hour during the day, on the theory that the aged men who now constitute the membership will be more likely to attend when the meetings are not held at night. The national G. A. R. encampment will be held at Buffalo Aug. 18-21. The round trip fare from Indianapolis will be from \$17 to \$20.

DOGS IN DANGER OWNERS LIABLE

Dollar Tags Have Not Yet Been Secured From City Clerk By
Many Persons.

PROSECUTIONS MAY BE BEGUN

Against Persons Who Have Not Paid
Their Dog Taxes.—List Prepared.

There are numbers of dogs in the city eligible to death at the hands of the dog catcher and there are numbers of owners of dogs in the city and township who are liable to prosecution for failure to pay the dog tax.

A city ordinance requires that every dog shall wear a tag issued by the city clerk and which costs one dollar. The number of dogs running about the city without any neck adornment is evidence that many owners have failed to comply with the law.

The city clerk has issued 235 tags this year and from the township assessor's records it can be learned that the number of dogs in the city is considerably in excess of that figure. About a dozen have been put in the pound by the officer, and later killed.

It is not only required that a tag shall be issued but the dog must wear the decoration. It is not sufficient for the owner to buy the tag and take it home and hang it on a nail.

The record of the township assessor shows that about 400 dogs were assessed in the township and it is estimated that at least 300 of them belonged in the city.

There are quite a number of owners who did not pay their dog tax and they may be prosecuted if the prosecutor follows out the law.

The township assessor according to the law, reported to Trustee Steinwedel the names of parties delinquent on their dog tax. He handed in a list of 35 names. Five of them have since paid the tax. The time for paying and escaping trouble expired last Saturday but Trustee Steinwedel desiring to give all possible chance for the avoidance of extra costs to owners, will give them a few days more to settle. The names of those who are then delinquent will be turned over to the prosecutor for action. It is the latter's duty then to institute proceedings and conviction means a bill of \$13 in fine and costs. It can readily be seen that it is cheaper to pay the taxes which is \$1 on a male dog and \$3 on a female dog.

Notice Knights of Columbus.

In order to give the members an opportunity to enjoy the evening at the picnics on July 4th, the regular meeting of Seymour Council will be postponed till Wednesday night, July 5th. jy1d

Washington Attorney Here Trying to Arrange Bond For Charles Lens.

Charles Lens of Loogootee, who is in jail at Brownstown charged with complicity in the robbery of the Teckemeyer grocery and Russell's meat market some time ago, does not relish staying in prison until October and is trying to secure release on bond.

Hon. Alvin Padgett, a Washington attorney, came today to see Judge Shea regarding the matter. The bond fixed some time ago was \$1,000 and Mr. Padgett stated that if the amount was reduced, the release of the young man could be arranged for. He said this was the first trouble Lens had been in, that he belonged to a good family and was industrious, that his worst trouble was an inclination to go off on a bum over the country occasionally. After spending his accumulated savings on these trips he would return home and go to work. "Skeeter" McBride who entered a plea of guilty to robbery has not changed his claim that Lens was implicated with him in one case.

People Turned Away.

Some who sought to hear Prof. Shannon last evening were turned away for lack of room. The interest was intense. The audience listened to delicate subjects discussed with a skill, tact, ease and reverence that only comes through the consciousness of personal responsibility and complete mastery. Truly he is a messenger with a message. Could he remain with us a week longer the growing interest would demand a tent two or three times the size of the present one.

This evening at the tent Prof. Shannon will give his second lecture to men and boys over fourteen. Not one word of abuse, not one embarrassing proposition, not one sentence uttered that could not with propriety be told to mother, wife or sister. Could men only realize the wealth of information contained in this lecture for them, they could not be induced easily to miss it. In other cities, at the close of this lecture, men of every profession have said, "I have never learned as much in one lecture in my life." If you are unavoidably late, come anyhow. Personal interviews can be had with Prof. Shannon at the tent.

Books Added.

The following books have been added to the Seymour Public Library: Laggards in Our Schools—L. P. Ayres.

Medical Inspection of Schools—Galick and Ayres.

Traded Farm.

John Cobb, through the E. M. Young agency, has sold his 200 acre farm in the Muscatatuck bottoms for \$50 an acre. In the deal, as part payment, he acquired a residence in Kokomo and a creamery at North Grove near that city. McReynolds Bros. of Kokomo got the farm. The creamery which Mr. Cobb now owns is practically new. He does not expect to operate it himself but will put a man in charge.

It's to your benefit to trade at the removal sale. The Ideal.

BIG FISH.

Caught Near Medora.—Weighed 47 Pounds.

George, Harry and John Kenny, city firemen of Columbus, were here this morning on their way home from Medora, where they have spent several days fishing. They had with them a large cat fish, weighing 47 pounds and four feet long. It is probably the biggest fish caught in this county this season and attracted much attention at the station here. The fish was still alive.

Standard Bearers Entertain.

The Standard Bearers of the First M. E. church entertained the Light Bearers Thursday afternoon in the church parlors. A musical program, Mother Goose and Her Missions, was given by the children and was enjoyed by all.

There were about 65 children and 35 mothers, making the attendance 100. The mite boxes were returned and the total amount was \$10. Little Conner Harris, son of Dr. and Mrs. R. E. Harris, of Colorado, had the largest amount in his box and was given the honor of being made a life member. At the close of the program refreshments were served.

Music Club Entertained.

Miss Hilda Huber entertained her music club Thursday afternoon at her home on East Fourth street from 2 to 5 o'clock. The members are pupils of Mrs. Price Matlock, and about 15 were present.

After a musical program was rendered, Miss Huber conducted a musical contest which proved interesting and entertaining. Refreshments of cream, cake and mints were served.

Bound Over to Court.

Leroy Bentley, the colored boy who is charged with having robbed the money drawer at the Loertz bakery on South Chestnut street, was given a hearing before Mayor Swope Thursday evening. He was bound over to court under \$100 bond. He is making an effort to secure some one to sign the latter. This is the third time the boy has been in trouble.

In Special Train.

General manager A. W. Thompson and several other B. & O. officials, passed through here this morning enroute east. They have been on a general inspection of the B. & O. S-W. and held meetings with officials at several different points. They spent about ten minutes here this morning.

Buys Partner's Interest.

W. B. Hopkins, who recently moved from Seymour to Bedford and bought an interest in a drug store there, has bought the interest of his partner, J. W. Bilyear. He will conduct the business alone hereafter.

**S.S.S. NO HARMFUL MINERALS
PURELY VEGETABLE**

S.S.S. is the only remedy that can be used with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. There are certain mineral medicines which will temporarily remove the external symptoms of Contagious Blood Poison, but when the treatment is left off the disease always returns in worse form, and the delicate tissues of the stomach and bowels are usually injured by these strong minerals, and frequently stomach trouble, chronic dyspepsia, and mercurial Rheumatism are added to the destructive blood poison. S.S.S., made entirely of non-injurious roots, herbs and barks of recognized curative and tonic value, removes every particle of the virus from the circulation, and by enriching and strengthening the blood, cures the disease permanently. S.S.S. does not hide or cover up the symptoms, but removes them by first eliminating the cause. Home Treatment Book and any medical advice free. S.S.S. is sold at drug stores.

**Heart to Heart
Talks.**

By EDWIN A. NYE.

AN OLD-NEW STORY

John P. White now stands in the shoes once worn by John Mitchell. He is the head of the United Mine Workers of America.

The story of his rise is the old-new story of a poor boy coming up through tribulation.

His father dying when White was a small lad, leaving his mother to struggle along with six children, young John went into the mines as a trapper boy at the age of thirteen.

Of her children the mother believed John destined to high place.

She was a devout Christian woman of more than average intelligence, and, while she could not send John to school, she put into his mind a keen desire for learning.

The boy read everything.

He borrowed books right and left. When the campaign speakers came to the mines he studied their language and words and arguments and gestures. He determined to be an orator.

After a time the young man took a leading part in the discussions of the miners. After he was married, a night school being opened near his home, White enrolled. While other miners slept or lounged in the saloons he, a grown man, studied by the side of lads and misses in their teens.

Another thing:

He had a vision of the needs of the miners and in trying to carry out his dream of their betterment became a leader. He saw their dangerous labors, their isolation, their poor homes, their improvident ways and their lack

of diversion. But—

When he tried to organize the men he lost his job. Again and again he was discharged on account of his activity.

Finally he was elected secretary treasurer of district No. 13—the Iowa district.

Then came the battle of his life in getting the miners of the district to pay a larger per capita tax. His persuasive oratory won. Today the district has a fund of two to three hundred thousand dollars in its treasury.

Under White death and endowment benefits were introduced. The district has the highest standing in the country. Its contracts with the operators are scrupulously carried out, and a \$100,000 labor temple is to be erected for headquarters. Like John Mitchell, White has often taken the unpopular side, but he has never betrayed the miners.

I said this was an old-new story it is.

This is the old: Brains, honesty, application, desire to serve his fellows, will make any man distinguished.

In illustration of this fact the career of John P. White is the new.

PERT PARAGRAPHS.

WHEN a man falls in love with himself he doesn't often find that a rival lingers long in the field.

You need not hunt very hard for happiness. It is generally lying around loose somewhere.

It isn't so much what a man is able to do that people envy as it is what he gets for the doing.

Even when a man has a good balance he isn't always able to get money at the bank.

Running expenses are so rapid nowadays that he is a clever man who can keep even with them.

He who has money to burn can't always find plenty of people willing to provide the matches.

We are always either too young or too old. There really doesn't seem to be any golden age.

There never was a girl who would rather be clever than pretty.

When the miracle happens there are always plenty of persons about who always knew it would occur.

Anybody can be good natured if he can get his own consent to be lazy.

**SURPRISE TO
THE DEFENSE**

Sensational Turn Taken In the
Knotts Trial.

COURT ADMITS AFFIDAVITS

These Instruments Executed by Dog Face Charley and Diamond Bill Frazier While in Jail Allege That Mayor Knotts Was the Instigator of Violent Deeds That Marked the Last Election at Gary and Issued Orders.

Gary, Ind., June 30.—In the case of Mayor Thomas E. Knotts and other officials of the city the prosecution sprang a surprise in introducing two affidavits executed by Mike Yoonovic (Dog Face Charley) and Diamond Bill Frazier, while they were in the Crown Point jail. The cases are on trial at Valparaiso before Special Judge Hanley of Rensselaer. The defendants are accused of conspiracy, and the charges are the outgrowth of the election riots last November and the alleged attempt to kill Sheriff Grant of Lake county.

In the affidavits Dog Face says Mayor Knotts instructed him to kill Sheriff Grant and Alderman Bowser and to break the ribs of Alderman Szymanski's son Bolice. Frazier told of the slugging of Alfred Jones, a newspaper man, and he accused Mayor Knotts of having given the order to do the job to Policeman Boasich.

Graft accusations against Mayor Knotts and Chief of Police Martin are also recited. Although the defense protested against the introduction of the affidavits, the court ruled that they should be admitted as evidence. The publication of the affidavits has caused a sensation throughout the county.

The Situation at Gary.

Ever since the conspiracy cases began at Valparaiso several weeks ago, the city government has been practically at a standstill, as most of the city officials are either on trial or are in attendance at court as witnesses. All the five commanding officers of the police department are absent, and the force of thirty-five patrolmen is directed by members from the ranks. Some of those who have business at Valparaiso are living there during the progress of the trial. The others go back and forth each morning and night, and early every morning the big patrol auto conveys the indicted officials from the city hall to the Pennsylvania station. In the meantime the wheels of government are not turning freely, and Gary is enjoying the experiment, for if the police court docket is to be accepted as a criterion the city has been well behaved this month, whereas a year ago one in every forty citizens was arrested in each thirty days.

AT THE LAST DITCH

Bader's Petition For Rehearing Denied by Supreme Court.

Indianapolis, June 30.—The supreme court has overruled the petition of Clinton Bader for a rehearing from his conviction on a charge of filing a false claim against Jasper county. He was convicted under the name of Charles Bader and was paroled by the governor pending appeal. A short time ago the supreme court affirmed his conviction, but he filed a petition for a rehearing which is now overruled. He will have to go to the penitentiary unless he is pardoned.

ALLEGES ARSON

Former Owner Arrested Following Fire in Undertakers' Shop.

Jeffersonville, Ind., June 30.—James N. Teeple was arrested on a charge of arson made by Carl Bierach. The arrest followed a fire, a few days ago, when a carriage shed owned by Bierach and its contents, two hearses and fifty coffins, owned by James B. James, were destroyed with a loss of more than \$2,000. Teeple formerly owned the undertaking business, which he sold to James.

He Feared Approaching Insanity.
Indianapolis, June 30.—Dr. John Quincy Byram, forty years old, a widely known dentist, a member of the faculty of the Indiana Dental college, and a writer of prominence in his profession, hanged himself in his laboratory. Fear of approaching insanity because of a nervous illness of two years' standing is believed to have been the cause of Dr. Byram's suicide.

Held on Forgery Charge.
Evansville, Ind., June 30.—Lloyd F. Kiefer, who is charged with passing a worthless check here for \$100, was arraigned before Police Judge Gould and his case continued. Kiefer may be turned over to the Indianapolis police, who want him in connection with the theft in that city of an automobile.

Guardsmen Get Camp Order.
Indianapolis, June 30.—George W. McCoy, adjutant general of the Indiana national guard, has issued the concentration order for the state guard companies for the encampment to be held at Fort Benjamin Harrison July 17-26.

The annual Yale-Harvard boat races are in progress this afternoon.

The Sidesaddle.

It is generally understood that the sidesaddle used by ladies in horse-back riding was the invention of the famous Catherine de' Medici while she was queen regent of France, say about 1559. Among her many other accomplishments Catherine was an expert horsewoman and often spent days together in hunting and following the chase. It was while getting used to her new manner of riding necessitated by her sidesaddle that the queen received the fall which fractured her skull and came very near terminating her career. As a matter of course it was no sooner known that Catherine had taken to riding sideways than the custom became popular with the women all over Europe.—Exchange.

Not to Be Expected.

"Pshaw!" exclaimed the professor to the student who was rehearsing his Latin oration. "You are too solemn. There's no life in your speaking." "Of course not," responded the student, lively enough. "You don't expect it in a dead language, do you?"

In practice, though, good gracious oh,
The theory has a pain!

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."
—Mrs. SALLIE STEVENS, R. F. D., No. 3, Box 31, Waurika, Okla.

Another Grateful Woman.

Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help. I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life. My doctor knows what helped me and does not say one word against it."
—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.
Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

EWING SHIELDS

WIRE MEN FALL UNDER THE BAN

Wholesale Indictments Under the
Anti-Trust Law.

GIGANTIC POOL IS ALLEGED

Charging That Associations Named
in the Indictments Control From 70
to 90 Per Cent of the Wire Industry
of the Country, Federal Grand Jury
at New York Has Returned 24 In-
dictments Covering 35 Companies.

New York, June 30.—On the ground
that they had offended against the
Sherman anti-trust law in having
formed nine pooling associations
which were alleged to have acted in
restraint of trade, eighty-four wire
manufacturers, representing thirty-five
companies, have been indicted by the
federal grand jury. The American
Steel and Wire company, one of the
largest subsidiary concerns of the
United States Steel corporation, was
declared to have been represented in
seven of the pooling associations, and
its president, W. P. Palmer, was in-
dicted seven times. The name of John
A. Roebbing Sons company appeared in
eight indictments. On the list also
are the General Electric company, the
National Conduit and Cable company,
the Standard Underground Cable com-
pany, the American Horseshoe com-
pany and the Hazard Manufacturing
company. In the list of defendants ap-
pear the names of Frank J. Gould, Er-
skine Hewitt, secretary of the embassy
sent to London for Queen Victoria's
jubilee; Herbert Satterlee, son-in-law
of J. P. Morgan, who gets in because
he is president of the Habershaw Wire
company; Charles F. Brooker, vice
president of the Ansonia Brass and
Copper company and Republican na-
tional committeeman from Connecti-
cut; Karl and Ferdinand Roebbling;
Edward S. Perot, who is president of
the National Conduit and Cable com-
pany. Frank Gould gets in on the
score of his being president of the Old
Dominion Iron and Nail works. Oth-
ers are LeBaron C. Colt of Rhode Is-
land and Edwin E. Jackson, jr., a law-
yer. Mr. Jackson was indicted nine
times on the ground that he was su-
pervisor of all nine pools. Ferdinand
Roebbling was named eight times and
Joseph M. Marsh, president of the
Standard Underground Cable com-
pany, was indicted six times.

Practically Control Wire Industry.

The indictments cover the whole
field of the wire industry, including
electrical cables, steel and copper
wire, wire nails and horseshoes. The
government alleges that the nine as-
sociations controlled from 70 to 90 per
cent of the business in their respec-
tive departments.

The associations named in the in-
dictments are the Wire Rope Manu-
facturers, which controls 80 per cent
of the wire rope business; the Horse-
shoe Manufacturers' association, with
70 per cent of the field in its pocket;
the Weather Proof and Magnet Wire
association, with 90 per cent; the Fine
Wire association, which is said to have
had 80 per cent of the business; the
Cap Underground Power Cable asso-
ciation, 50 per cent; the Lead Incased
Rubber Cable association, 80 per cent;
the Rubber Covered Wire association,
80 per cent; the Telephone Cable as-
sociation, 80 per cent, and the Bare
Copper Wire association, 95 per cent.
William P. Palmer, president of the
American Steel and Wire company,
was named in all of these except the
Telephone Cable association and the
Fine Magnet Wire association. The
Roebblings were in all except the Horse-
shoe Manufacturers' association.

The supervisor of all of these asso-
ciations was Edwin H. Jackson, and
it was said also that it was he who
formed them.

TOOK LONG CHANCE

Bobby Leach Goes Through Whirlpool
Rapids in a Barrel.

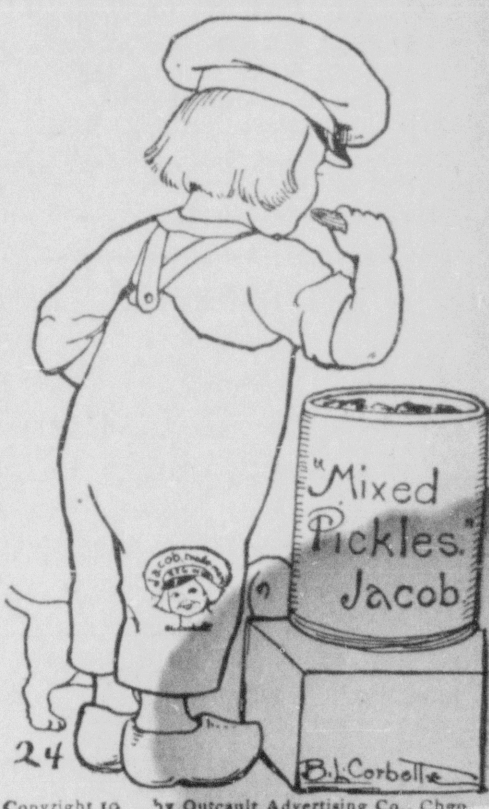

Niagara Falls, June 30.—Bobby
Leach nearly lost his life in the whirl-
pool after making a trip in a barrel
through the whirlpool rapids. For
two hours he remained in the middle
of the pool, tumbled and tossed about
in his steel barrel, which much of the
time was submerged. When taken
from the barrel he was bleeding badly
and almost suffocated.

NEWSPAPER INFLUENCE.

The influence of the newspaper as an important factor in molding public opinion is being appreciated more and more by all classes of men. That the clergyman are feeling the importance of the newspaper's aid in the work of elevating the moral tone of the community is evidenced by the increasing frequency with which they allude to the subject in their sermons. Recently Rev. F. Stanley Powles of Milwaukee said to his congregation one Sunday evening:

"We as citizens of the metropolis of Wisconsin do not half appreciate what our newspapers are doing for us. We criticize, when nine cases out of ten we ought to give them credit for the effectiveness of their work in molding public opinion. Co-operation and not condemnation should be our policy. It exerts much power for good and if the church of today is looking forward to the church of tomorrow to be a factor for good, it must acknowledge this in every phase of life.

"Our press does exert a moral influence, and many of its editorials are splendid lay sermons. Its exposing graft and denouncing crime and underhanded political schemes, as it now does, is proof of itself that it is decidedly favorable to morality.

"If the public demands flaring headlines of crimes and debauchery, the newspapers will publish them. Don't

blame the press for what you yourself take an active part in.

"A clean press means a clean city, and to obtain this we should not denounce but co-operate in raising the standard. We as Christians do not familiarize ourselves with the actual needs, and then see to it that things are improved. Our Milwaukee press is affecting my opinion rightly.

"When our clergy fully realizes that co-operation and not denunciation is needed to improve humanity, then shall we appreciate what the press is doing for our city but who is willing to co-operate with us in making his paper one of power for good if we show ourselves to be in the right attitude for harmony."

Points For Mothers

Emergency Food.

When a child's appetite is capricious the white of an egg, if necessary for his nourishment, may often be conveyed to him without his knowing it in orange juice. This, which is called albumin orange, is prepared as follows: To the white of an egg add the juice of one orange, add a little sugar, strain carefully and set away on the ice until very cold. Then serve with a dry biscuit or alone if preferred.

When traveling children should not be given any water to drink which has not first been boiled. Public drinking cups and water in hotels and railway stations should be avoided.

Table Manners and Indigestion.

Bad table manners cause indigestion. No child can digest his dinner properly if he is allowed during the course of the meal to slip from his chair and run about the room, to reach across the table and snatch what he wants, to grumble or cry because the food is not exactly to his taste. Quietness of body and mind at mealtimes is absolutely necessary, and children who are allowed to behave badly at table are in danger of being half starved because they can neither chew thoroughly nor digest properly the food that they take.

Limewater.

Limewater is of inestimable value to the baby in hot weather. It should be given to him in every bottle and even in his drinking water, for nothing will correct the acidity of his stomach so promptly. A piece of lime the size of a lemon will last for years. Cover it with two quarts of boiled water and shake well for a few minutes. After it has stood for twenty-four hours draw the water off, bottle it, and it is ready for use, the lime always being again covered to form a fresh supply.

Some Points For Fathers.

The father who would influence his children must be firm, not cross.

Must say little and act, for children respect action and are very ready to respond when they feel that a genuine effort is being made for their good.

Must realize that children deeply resent capricious punishment or unmerited reproofs; that they must be treated honorably and honestly if good results are to come; that example, however he may shrink from admitting it, is the secret of parental influence.

Arrowroot Gruel.

Arrowroot gruel is something often needed for the sick child in summer. It is well to have it among one's medicines. Mix two teaspoonfuls of arrowroot flour with two tablespoonfuls of cold water until smooth. Add to this a cup of boiling milk, cook in a double boiler for two hours, add a little salt and strain. Serve it very hot.

Children's Soup.

If children don't like milk try the effect of boiling it with a few grains of salt and serving it in a soup plate as "white soup."

HINES BRINGS IN
PRESIDENT TAFT

Executive Was "for" Lorimer,
Says Lumber Man.

HAD THE WORD OF ALDRICH

Testifying Before the Senate Committee Investigating the Lorimer Case, Edward Hines Says That Aldrich Brought Him Word That President Taft Favored Lorimer's Candidacy and Practically Forced His Election.

Washington, June 30.—President Edward Hines of the Edward Hines Lumber company of Chicago, told the senate committee which is investigating charges of corruption in Senator Lorimer's election that President Taft, through Nelson W. Aldrich, former senator from Rhode Island, had favored Mr. Lorimer's candidacy and had practically forced the election upon Lorimer.

At first Mr. Hines testified that President Taft and Senator Aldrich were merely in favor of breaking the senatorial deadlock in the Illinois legislature for five months, from January to May, 1910, by the election of a Republican senator. Later, he added, the president and Senator Aldrich must have obtained information that Lorimer was the only candidate upon whom the opposing factions could unite, and then they backed Senator Lorimer's candidacy.

Mr. Hines admitted that he had never seen President Taft personally, but that all his information in regard to the president's attitude had come from Senator Aldrich, who went to the White House late one night in May, 1909, shortly before the senatorial election, to discuss the Illinois situation with President Taft. The president himself has denied emphatically that he ever favored the election of Lorimer. He has said that efforts were made to draw him into the Illinois fight, but he had not gone further than to express the desire that a Republican be elected.

Aldrich Called on Taft.

It is charged that the unauthorized use of the president's name was a political trick of the Lorimer forces to insure Lorimer's election. "Senator Aldrich wanted me to go to the White House with him, to discuss the senatorial situation with President Taft," said Mr. Hines, "but I declined to go on the ground that my visit might embarrass the president. It was late in the evening and I went to Senator Aldrich's home and waited until he returned about midnight from a conference with Mr. Taft at the White House. After Aldrich got home he told me that Mr. Taft was anxious to have the deadlock in the Illinois legislature settled and a Republican elected. Mr. Aldrich asked me to telephone Lorimer, who was at Springfield, and use my influence to persuade him to become a candidate for senator. I did so, and Mr. Lorimer wanted to know what the administration would do to aid in his election and what message I could send to him to show privately to Governor Deneen and others to confirm my message that the administration favored the election."

"I told him that Senator Aldrich had authorized me to tell him to have Governor Deneen call up Senator Aldrich on the long-distance telephone and President Taft if necessary, if Governor Deneen or anyone else doubted the attitude of the administration."

Hines Version of Funk Incident.

Mr. Hines denied the charge of Clarence S. Funk, general manager of the International Harvester company, that Mr. Hines had asked him for a contribution of \$10,000 from the harvester company to aid in paying the expenses of Lorimer's election. Mr. Hines gave his version of the conversation with Mr. Funk at the Union League club in Chicago, as follows:

"On the day after Senator Lorimer's election, I was sitting on a lounge in the Union League club in Chicago. I noticed Mr. Funk approaching and I got up and shook hands with him. He told me he was glad to hear of Senator Lorimer's election. I replied that in my opinion Mr. Lorimer would prove a good representative of the state. Mr. Funk said he would like me to arrange a meeting with Mr. Lorimer, and I told him I would be glad to do so. Mr. Funk then said that the election had probably put Mr. Lorimer to considerable expense and Senator Lorimer ought not to have to stand all of it. The business interests ought to take it off his hands. We would like to contribute to that expense. I said I did not know anything about that, but would let him know. We then parted."

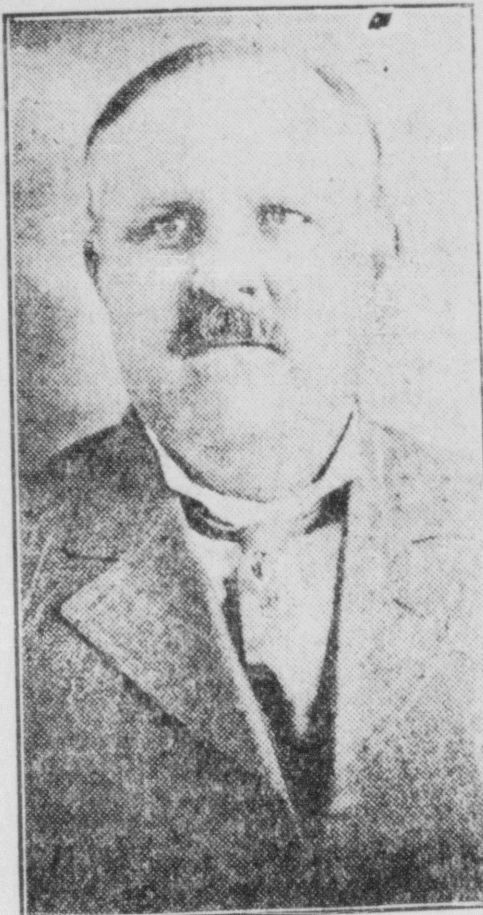

Mr. Hines emphatically denied Mr. Funk's charge that Hines requested a contribution of \$10,000 from the harvester company.

Deneen's Plan Thwarted.

Springfield, Ill., June 30.—The senate deep water bill, for the passage of which Governor Deneen called the special session, was killed in the house. By a vote of 58 to 47 a house joint resolution was adopted providing for adjournment to Oct. 2, thereby removing the last vestige of hope that the bill would be passed this summer.

PRESIDENT RENEWS
RECOMMENDATIONS

Wants Central American Treaties
Ratified at Once.

Washington, June 30.—A special message was sent by President Taft to the senate yesterday relating to the pending treaties between the United States and the republics of Honduras and Nicaragua. The Honduras treaty is now before the senate, having been reported favorably from the foreign relations committee. Both treaties provide for a refunding of the public foreign debt of the respective republics under an arrangement by which American financiers will supply the necessary funds to pay foreign creditors and take the bonds of the Central American republics. Under the arrangement the payment of the bonds, principal and interest, is to be guaranteed by pledging the customs and these are to be administered under the supervision of a committee to be designated by the American bankers who supply the fund for meeting the outstanding debts.

In his message the president renews his recommendations for the ratification of the two treaties and urges the importance of early and favorable action thereon. The senate referred the message to the foreign relations committee without debate.

The Kind Now Used on South Bend Cars Ineffective.

South Bend, Ind., June 30.—The failure of a rusted fender of a type installed only two months ago resulted in the death of Mrs. Carrie Maughermar, aged sixty-seven years, under the wheels of a streetcar. She alighted from one car and stepped directly in front of another on the second track. The second car was moving slowly, but the woman's body was drawn under the wheels.

Investigation of the accident is being made by the city officials, and the streetcar company may be compelled to adopt another style of fender, as the city has control of this part of the streetcar equipment under a franchise.

Sun Drunkenness.

To become sun drunk is a condition into which any one may fall in the tropics. Exposure to the sun's rays will reduce a man to a condition almost exactly resembling drunkenness. He staggers about and is usually compelled to lie down and "sleep it off." Sun drunkenness is sometimes accompanied by nausea. Another curious fact in connection with life in the tropics, where the sun rises at the same time all the year round, is that if you do not get up before sunrise you do not feel well all day. You feel heavy, out of sorts and sickish.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. FORCE OF MEN

Went to Work In New Highlawn Addition Today.

Moreman & Akers who recently purchased the old Charles Hancock homestead on High street are laying out the new Highlawn addition there preparatory to the big auction sale of lots July 8.

A force of men was put to work this morning removing fences and cleaning up the property. Two new streets will be opened through the addition and the work of grading them will begin Monday. A steam engine has been secured to pull the grader and the work will be pushed rapidly. Cement walks will be put down the full length of the streets before the day of the sale.

Indications are that there will be many bidders for the lots. The bidding for the old Hancock house and the two acres which will go with it promises to be lively. Numbers of people have made inquiries about it.

Try a Want Ad. in the Republican.

Convincing evidence was found that the men who robbed the Vernon postoffice went from there to North Vernon. Early in the morning a package of \$70 worth of stamps was found on a street in that city, and several packages which had been mailed at Vernon were also picked up. Early in the morning following the robbery a North Vernon officer saw two suspicious characters on the street and tried to arrest them. He demanded their surrender but instead of complying, the two men fired several shots at the officer and ran. They made their escape and have not been located since.

The people of Hanover have again become hopeful for the traction line from there to Madison and Scottsburg being built since John Greely has been appointed receiver for the I. & L. traction company. He has been connected with the promotion of the proposed line. It is possible the plan may be changed to tap the I. & L. west of Charlestown instead of running it to Scottsburg.

Sunday School Lesson

JULY 2, 1911

Isaiah's Prophecy Concerning Sennacherib.

LESSON:—Isaiah 37: 21-36

GOLDEN TEXT:—God is our refuge and strength, a very present help in trouble. Psalm 46: 1.

The story of Hezekiah is somewhat fully recorded not only in II Kings and II Chronicles, but also in the prophecy of Isaiah. A few weeks ago we were considering how he began his reign by repairing and cleansing the temple and by keeping the Passover for all Israel, summoning the twelve tribes thereto. He wrought that which was good and right and truth before the Lord his God, and he sought God with all his heart and prospered (II Chron. xxxi. 20, 21). Such devotion to the living and true God was more than the devil could stand, for all who will live godly in Christ Jesus shall suffer persecution (II Tim. iii. 12), so he stirred up the king of Assyria to fight against Jerusalem and by words and letters to mock and blaspheme the God of Israel and His people. To his blasphemy and revilings the people answered not a word, but held their peace, as the king had taught them (II Kings xviii. 36).

Thus did David, according to Ps. xxxviii. 13, and thus did the Lord Jesus both before the high priest and Pilate (Matt. xxvi. 62, 63; xxvii. 14). "When He was reviled He reviled not again; when He suffered He threatened not" (I Pet. ii. 23). Hezekiah did with the wicked letter just what we all ought to do with such things—spread them before the Lord and unburden our hearts to Him about all such. I have personally proved this a way of peace more than once. If you do not receive wicked letters you will probably hear of wicked words that have been spoken against you. Just tell all to the Lord Jesus and leave all with Him.

Hezekiah's prayer at this time is a most refreshing study (II Kings xix. 14-19; Isa. xxxvii. 15-20). Note that his reason for asking deliverance was that all the earth might know the Lord. The prophet Isaiah also joined him in prayer in this his time of difficulty (II Chron. xxxi. 20). Hezekiah was thus able to speak to the hearts of the people because he was himself comforted by his trust in the Lord. "Be strong and courageous; be not afraid nor dismayed for the king of Assyria. There be more with us than with them. With him is an arm of flesh, but with us is the Lord our God to help us and to fight our battles" (II Chron. xxxii. 7, 8).

In the portion assigned us today we have the Lord's answer to Hezekiah through the prophet Isaiah. It becomes us to be sure that God answers prayer and, having committed our affairs to Him, leave all with Him in quietness even though we may not have as speedy an answer as the king had.

There is no resting place like the words of the Lord God of Israel. The Virgin, the daughter of Zion, hath despised thee and laughed thee to scorn (verse 22). When kings and rulers take counsel together against the Lord He that sitteth in the heavens shall laugh, the Lord shall have them in derision (Ps. ii. 1-5). When the Lord's people are touched in any way it is the Lord Himself who is touched. When the king of Assyria reproached and blasphemed the king of Judah he was really blaspheming the Lord, the Holy One of Israel (verses 23, 24). So it has been and shall be again and again until the last great blasphemer shall be cast alive into the lake of fire (Dan. xi. 36; Rev. xiii. 4-8; xix. 19).

It is God Himself that the devil hates and would dethrone if he could and therefore shows his hatred toward the people of God, but hear the Lord as He says to him, "I know thy abode, and thy going out, and thy coming in, and thy rage against me" (verse 28). Then note what follows as to His assurance of deliverance and mark well the words, "The zeal of the Lord of hosts shall do this" (verse 32). Compare Isa. ix. 7, and be assured that the zeal of the Lord of hosts will not rest till the king shall sit on David's throne and reign over the house of Jacob (Luke i. 31-33). For His own sake and for His servant David's sake He will do it (verse 35). See how easily the Lord can overthrow His enemies and deliver His people. He has but to speak and it is done. The angel of the Lord went forth that night, and by His power 185,000 of the Assyrian army died. Thus easily did He overthrow Pharaoh and his hosts in the Red sea.

In Israel's last extremity, when the armies of antichrist shall be gathered against Jerusalem, He shall come in the clouds of heaven with power and great glory and shall consume with the spirit of His mouth and destroy with the brightness of His coming that wicked one and his armies (II Thess. i. 8-10; Isa. xi. 4; Rev. xix. 19, 20).

Remember how when Judas and his band came to arrest Him in the days of His humiliation and weakness He simply said, "I am," and they went backward and fell to the ground. Remember also that "by the word of the Lord were the heavens made and all the host of them by the breath of His mouth" (Ps. xxxiii. 6) and ask what you know of the power of His word in your own life—the power and wisdom of God. May He grant us according to the riches of His glory to be strengthened with might by His spirit in the inner man (Eph. iii. 16).

Weather Indications.

Fair and warmer tonight. Saturday fair, continued warm.

While other people are planting hundreds of acres of fruit on all sides of Mitchell and making big money out of the luscious fruit, Mr. N. F. Liston, who has a farm just east of Mitchell shows the people that this limestone fertilized soil is as good for onions as it is for Grimes Golden apples and even more profitable. Mr. Liston planted one acre of onions and his harvest is now ready and a rich one it is too for his acre will yield him 400 bushels of fine Yellow Denver onions and he has been offered one dollar per bushel for the crop. Four hundred dollars for one acre is not bad and all done in a few months.

The onion patch is free from weeds and is a model for all onion patches to imitate. Mr. Liston says that ten days work is all that was necessary to produce this crop. It required eight bushels of sets to do the planting. —Mitchell Tribune.
